Hello. What do you want to be? I want to be many things when I'm older. I want to be a pilot because they fly planes. I also want to be an astronaut because they go to space. What about you? What do you want to be? I want to be a dentist because they fix people's teeth. I also want to be a policeman because they help protect people. That sounds interesting! My father is doctor. He helps sick people. What does your father do? He is an actor. He is always on T.V. Cool.
